Dear Mr. Willis,

Thank you for your kind and generous donation that equaled a total value of \$3,900.00 that we received on October 11, 2017. As discussed, this donation helped us to fund our officers with personal trauma kits; in the event of an emergency that they would be able to give first aid.

Community involvement is important to law enforcement, as officers, we greatly appreciate all the assistance that was given to our department through the donation of personal trauma kits. The contributions made by the neighbors and local businesses helped us to improve relations within the community.

Again, thank you for your generosity and we look forward to future events and collaboration. Without the support of our neighbors, stakeholders and local businesses, these events would not be a success within the Dallas Independent School District!

Sincerely,

A handwritten signature in blue ink that reads "C. R. Miller". The signature is written in a cursive style with a large initial "C" and "R".
