United States Deputy Sheriff's Association

We would like to thank you for the most generous donations of the PBT's, BTK and the Foldout Training mats. We have already received the PBT's and BTK's and are excited to receive the training mats. This will increase our participation in some of the floor level exercises that we conduct regularly. Being in a financially responsible county, we do not purchase items like what you have donated us. Although, they are necessary, they are usually placed on a lower level of necessity.

The Sheriff and I really appreciate your donations and support and are looking forward to scheduling training from the USDSA.

Respectfully,

*G.P. Shearer*

GP Shearer, Chief Deputy  
Houston County
