*Police Department*

417 Highway 100

Webbers Falls, OK 74470

The Webbers Falls Police Department would like to thank the United States Deputy Sheriff Association. The equipment (PBT, 8 Safety Vest, 3 First Aid Kits, and 3 Tactical Flashlights) donated to us will help the Department and Officers perform their jobs a lot safer for the community. The PBT will help us with the underage drinking and help get drunk drivers off the streets. The safety vest will help the Officers be seen when they are on the side of the road at vehicle accidents. The First Aid Kits will be placed in the patrol units for Officers to use in need of them. With the Tactical Flashlights the officers will be able to see better at night when they are approaching a vehicle at a traffic stop. We just want to show our appreciation to the United States Deputy Sheriff Association in getting us the equipment we needed for our department.
